The easiest height of cut adjuster you will ever use

The patented Set-by-Feel micro height adjusters are the ultimate in speed and accuracy. Each quarter turn 'click' adjusts the height of the cut by 0.25mm – so easy that you could do it with your eyes closed.

The cleanest thatch collection

Nothing matches the performance of the Thatch-Away tungsten tipped verticutters. Their ability to remove and vacuum up thatch is legendary. With an extensive range of cassettes to choose from, turn your triplex into a total greens maintenance tool.
